Santiago, APR172008

Mr.

CARLOS MA THIESEN DE GREGORI
Alto Maipo Project Manager "AES. GENER S.A."
Mariano Sánchez Fontecilla N° 310, 3rd floor
LAS CONDES

Dear Sir,

I would like to confirm the reception of your letter N° AM 2008/034 dated APR152007, in which you request authorization for reforesting a total of 36 has. in the areas of El Durazno and Water Accumulation Ponds of "Los Maitenes" Power Plant, with both areas located within the "Colorado River" government tenement.

Considering that those activities are included within the environmental impact mitigation procedures for "Alto Maipo" project, with the assistance of CONAF., this Command does not have any inconveniences for authorizing the mentioned forestry activities in the required terms, for which it is requested for the work team leaders to contact the land manager, TCL.(R) CLAUDIO GAETE MATUS (telephone 3777211), in order to obtain the necessary help for the case and keep the progress of the activities up to date.

Sincerely,

JUAN BISKUPOVIC MOYA

Colonel

Army Infrastructure Commander
